**Focused on Minor Home Chores for Elders  
Living in Urban Southwest Denver**

- Imagine making a difference that allows an elder to remain safe and independent at home.

## **HOW?**

- You climb a ladder, change a light fixture, clean gutters, do some light painting, or other job that has become too hard for an elder to do.

## **WHY?**

- Because deep in your heart you know we must care for our elders.

## **WHEN?**

- Whenever you can. You'll be contacted when there is a call for help. You decide with the client when you can do the work.
